Date for...

Super Saturday!

Like the name suggests, this party is something special! We combine great dance shows by students and teachers alike, hors d'oeuvres, and lots of general dancing into one event—right here in the studio!

For all students and their guests, **Super Saturday** is an excellent opportunity to see what the dances look like once they have been developed for performance dancing.

Why just watch when you can dance!?!?

Some students may not think that an event like **Super Saturday** is for them, but everyone will benefit from setting a short-term goal and achieving it in a fun, supportive environment.

Super Saturday is also a works-in-progress demonstration for our students preparing for the Summer Showcase. They will dance for our visiting judge, who will give them assistance in improving their performance quality and overall technique.

All in all, **Super Saturday** has something for everyone!

Saturday, March 20, 6:30pm \$25pp to spectate

A Great Night Out to Support a Great Cause!

Dancing with the Twin Cities' Celebrities is the first annual star-studded charity ball presented by the Twin Cities Arthur Murray Dance Studios to raise funds for the fight against breast cancer. Arthur Murray will donate all net proceeds to the Minnesota affiliate of Susan G. Komen for the Cure.

The First Annual Dancing with the Twin Cities' Celebrities will take place Saturday, March 13, 2010, at the Minneapolis Hilton, featuring a number of Twin Cities stars who are taking to the dance floor to join the fight against breast cancer. Our Twin Cities' celebrities will pair up with Arthur Murray professionals and compete for the Dance for the Cure Championship.

The night will feature a live auction with once in a lifetime prize packages, a raffle, silent auction, fabulous food, great company, terrific professional shows and lots and lots of dancing.

Dance Etiquette Tip

This is one that can be hard to remember, as we are all students at Arthur Murray's. However, it is poor etiquette to teach or criticize your partner while on the social dance floor. You are both out there to have fun, and what you may view as constructive criticism will likely only make your partner feel bad about themselves and their dance technique. If the person with whom you are dancing asks for your feedback, an appropriate response would be to say that you are greatly enjoying the dance. If your partner persists, gently advise them to ask their teacher for further details. Social dancing is about the pleasure of your partner's company—enjoy it!
